

Challenges:

Sustainability is very important to Aonyx and the responsibility lays with all our employees throughout the business. It is directed by our Health & Safety Administrator and Managing Director.

Impact:

- **Tailored learning:** Aonyx found their action plan to be tailored towards their company, giving a realistic insight on how to make their work more sustainable.
- **Fairness, Inclusion and Respect:** Colleagues have attended Fairness, Inclusion and Respect events and have found them to be an extraordinary experience.
- **Company approach:** Aonyx committed to completing the School's self-assessment as a group, and collaborated to produce a truthful understanding of their position and competencies
- **Collaboration:** From attending School workshops and events, Aonyx were impressed at how many companies are involved in the School, and who are collaborating to try and work towards a better and safer environment on site.

Value gained:

- **Improved HR processes:** Implementing the FIR e-learning modules into their induction processes has allowed Aonyx to improve their staff welcome and improved the business
- **Continuous improvement:** Aonyx is using the School system to actively improve their business and better their offering for their customers
- **Supply chain promotion**
- **Increased sustainability awareness**

Future Proofing:

- Continue to run workshops and supplier engagement days
- Continue to supply their members with informative and up to date resources at no cost
- Continue to provide great customer support

Audio Visual smart homes and ICT integrator

About

Aonyx Ltd design, supply, install and maintain Audio Visual Smart Homes, including Data, Lighting, Networking, Security products and systems for both residential and commercial clients in Central and Greater London, across the UK and overseas.

As part of the ICT integration aspect of the business we consult, design, supply and install for all the following systems: access control, door entry, CCTV, local area network (LAN), F-IRS and amities packages for large scale MDU's.

Aonyx currently have 33 employees and with clients like **London City Airport** and **The Office Group** we are growing fast.
