A303 Sparkford to Ilchester Dualling Scheme

A303 Sparkford to Ilchester

- DCO Approved
- Designed & Ready to go
- **On-site construction commenced in August 2021**
- 5.6km in length, existing S2 carriageway upgrading to D2AP
- 3 new junctions
- 2 new structures
- Cut / Fill 900,000m³
- Cutting up to 10m depth / embankments up to 12m in height

Purpose of the Scheme

- The A303 corridor is a vital connection between the South West and London and the South East.
- With **35 miles of single carriageway**, congestion quickly becomes an issue for customers, causing delays and an increased risk of accidents.
- The proposed works route carries **23,500 vehicles daily**.
- **5.6km of new dual carriageway between Sparkford and Ilchester**, with the aim of **reducing congestion, improving journey times and making the network safer for our customers**.
- We look forward to the **positive outcomes** this scheme will deliver for our customers.

Main Works Scope

■ Construction Preparation

- Fencing
- Ecology
- Archaeology
- Site Clearance
- Compound Setup

■ Earthworks

■ Structures

- Steart Link Overbridge
- Hazlegrove Underpass

■ Roadworks

- Drainage
- Pavement
- Tie-in's

■ Landscaping

■ Side Roads & Detrunking

A303 Programme

Activity	2021	2022	2023	2024
Start of Works				
Construction Preparation				
Earthworks				
Structures				
Roadworks				
Open to Traffic				
Landscaping				
Side Roads & Detrunking				

Procurement

Tender Opportunities

The A303 is a DCO approved, designed and ready to go project, with on site construction works having started in August 2021.

- Tender opportunities advertised through the '**Contracts Finder**' online portal.
- Suppliers are selected based on their **proven ability to deliver** in line with Galliford Try and Highways England's policies.
- Procurement of suppliers who promote **improvements to local society and communities**.
- Ensure procurement is undertaken in a way that meets all **Galliford Try's corporate values and ethics**.

Procurement

Form of Contract

- **NEC4 Sub-Contracts** (Opt. A/B/C) incorporating standardized 'Z' clauses to suit the Delivery Integration Partner (DIP) contracting environment.
- **NEC4 Short Form Sub-Contracts** (<£20K).
- Suppliers encouraged to sign up to be paid via the **Project Bank Account**.

Procurement

Investment and Development

- **Training opportunities** will be provided to the supply chain through the 'Supply Chain School', to ensure we work to common standards and procedures.
- A longer-term approach to forming a **supply chain forum** will also be established.
- The vision in the RDP is that **value** is driven through equality, diversity & inclusion and collaborative working.
- Invest in the supply chain where there is **innovative practice**.
- Packages that can be split into smaller elements without impacting on the project objectives (including safety and programme) will be identified as **opportunities for SMEs**.

How to get 'On Boarded' with Galliford Try

- Selected tenderers must have a Galliford Try approved status on '**Builder's Profile**'.
- Companies with **existing BP profiles** - please check your status and ensure that all your information is up to date.
- Invitations to submit a **new BP profile** with Galliford Try can be made to the project commercial team.

Works Packages

Already let to enable August
2021 start on site:

- **Ecology**
