

LC International

Building Business Improvement

The Improvement Foundation Skillset Programme

Embedding the skillset to improve performance and build an improvement culture

APPROVED FOR CITB LEVY FUNDING
if available within your organisation

Delivered by LC International

This programme focuses on laying the foundations for performance improvement through experiential hands-on practical workshops, delivered remotely or onsite. The training can also be tailored to meet your individual business needs.

SCHOL

Practical training for the built environment

LEARN HOW TO

DELIVER IMMEDIATE RESULTS

FUNDED TRAINING

- Improve Quality
- Improve Productivity
- Reduce Cost
- Improve Health & Safety
- Create Programme Certainty and Deliver on Time

Immediate return on investment.

Delegates work together using the lean tools and techniques, creating collaboration and best practice within your organisation.

Training is fully funded by CITB Levy, if your organisation contributes. Therefore, this invaluable skillset can be very cost effective.

How can we help?

- LC International can embed a practical improvement skillset widely throughout your organisation.
- Delivered with a collaborative, interactive and practical approach either onsite or remotely, using our digital simulation platform.
- We can create a culture of improvement by getting the team on board and using the right tools to enable positive changes across your organisation.
- We provide modular delivery of workshops at a pace that suits your organisation.
- We are able to improve any business process, construction process or manufacturing system.

Modules Available

Pick and mix from the modules below to suit your business needs (minimum of two modules per day):

1. Introduction to Lean
2. Waste & Value adding
3. Problem Solving & Continuous Improvement
4. Visual Management
5. Collaborative Planning & Production Control
6. 5S Workplace Organisation
7. Standardising Working
8. Value Stream Mapping

Everyone can learn from this training

From leadership teams and directors to those leading or working in all teams, participants have the opportunity to support each other in using the lean tools and techniques for any process in construction, manufacturing or business.

Reclaiming the CITB Levy

Fully funded by the CITB Levy - if you have this available it is a straightforward effective process.
