Social Value

RDP Social Value Webinar

23 March 2022

At National Highways, we are continually investing in our Strategic Road Network.

However, our work needs to go beyond operating, maintaining and improving roads.

Social Value is equally important as an investment to us.

Recent changes to Government guidance and procurement policy requires us to develop a wider, consistent approach to Social Value delivery.

Social Value definition

One Social Value definition used with our customers and our supply chain across National Highways will help to ensure consistency of messaging in all our communications.

"Social Value is the benefits that National Highways and its supply chain delivers for people, environment and the economy."

What we are trying to achieve

Our aspiration:

2 Leave a lasting legacy in the communities we work in

Work with and
 enable our supply
 chain to deliver
 impactful Social Value

Our Social Value Framework themes:

Economic prosperity

Improving the Environment

Community wellbeing

Equality, diversity and inclusion

Building on the good work already being delivered on RDP

The social value approach being used on RDP has been critical to the development of the standard National Highways approach.
