

Focus 2025

To educate and upskill more people on retrofit

1. Define knowledge held, and needed, on Retrofit across the sector

- Collaborate with partners to ensure they input into the **NatWest sponsored retrofit programme (& phase 2 – Stranded Assets)**

2. Engage industry with retrofit Learning on the School

- **Drive completions of the retrofit individual assessment**
- **Drive completions of the retrofit corporate assessment**
- **Drive completions of the 6 retrofit e-learning modules**
 - **Refresh modules in line with regulation**
- Drive engagement in the NatWest Sponsored Retrofit Programme
 - **Annually deliver 4 virtual conferences, 12 webinars and 12 workshops.**

Development and Engagement in Stranded Assets Programme (New)

3. Drive engagement in Retrofit across industry

- Work with **Future Workforce – routes into retrofit made clearer, resources/docs/guide**
- More partners to be involved in the Retrofit Group
- Partners to engage internal colleagues with the schools resources
- Partners to upload priority suppliers lists and promote learning to suppliers
- Collaborate closely with other school groups that have strong ties to Retrofit. Ie. Future Workforce, Carbon
- Collaborate with external influential bodies and groups, ie. National Retrofit Hub
