

SUPPLIER RESOURCE GUIDE

Additional resources for ADNOC suppliers

A practical guide to learning materials, guidance and events

How to use this guide

Choose the topic that best matches your learning or business need, then browse the resource entries beneath it. Select “Open resource” to access the relevant resource via the Supply Chain Sustainability School.

Resource sections

- 1. Water Resilience**
- 2. Waste, Resource Management and Circular Economy**
- 3. Measure & Manage Sustainability**

Water Resilience

Water Resilience Resources

Introduction to Water

RESOURCE TYPE	E-Learning module
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning

Sustainable Drainage Systems (SuDS)

RESOURCE TYPE	E-Learning module
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning

Water - Sustainability Short

RESOURCE TYPE	Sustainability Short
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning

International Water Stewardship Standard

RESOURCE TYPE	Document/Presentation
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning

Water - Efficient Consumption and Production Guidance

RESOURCE TYPE	Document/Presentation
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning

Water Efficient Strategy

RESOURCE TYPE	Document/Presentation
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning

Principles of Water Efficiency

RESOURCE TYPE	Document/Presentation
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning

Waste, Resource Management and Circular Economy

Waste and Resource Efficiency

RESOURCE TYPE	Live Webinar
ACCESS	Register for webinar
ADDITIONAL INFORMATION	Wednesday 25th November 2026, 10:00am-11:00am UK (14:00-15:00 Abu Dhabi)

Circular Economy

RESOURCE TYPE	Live Webinar
ACCESS	Register for webinar
ADDITIONAL INFORMATION	Wednesday 10th March 2027, 10:00am-11:00am UK (14:00-15:00 Abu Dhabi)

Lean Construction and Waste

RESOURCE TYPE	E-Learning module
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning

Circular economy guidance for construction clients

RESOURCE TYPE	Document/Presentation
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning

Measuring and Reporting Waste in the Built Environment: A Practical Guide

RESOURCE TYPE	Document/Presentation
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning

Embracing the circular economy in your business

RESOURCE TYPE	Document/Presentation
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning

Measure & Manage Sustainability

Measuring and Managing Sustainability Resources

Measuring & Managing Sustainability as an SME

RESOURCE TYPE	Webinar recording
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning

Sustainability Strategy

RESOURCE TYPE	E-Learning module
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning

Performance Measurement

RESOURCE TYPE	E-Learning module
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning

Sustainability strategy and performance measurement

RESOURCE TYPE	Video
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning

Performance measurement systems in construction

RESOURCE TYPE	Document/Presentation
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning

Carbon Footprinting & Measurement

RESOURCE TYPE	E-Learning module
ACCESS	Open resource
ADDITIONAL INFORMATION	On demand learning
